

Rigging

Description

Blue Offshore has its own rigging to lift basket carousels (empty or full), loading towers and miscellaneous equipment.

- To lift Blue Offshore's basket carousels (empty), Greenpin 250Te shackles are used. Blue Offshore's 15m basket carousel configuration can be lifted with 1000Te of product using the 1400Te cross spreader.
- To lift Blue Offshore's loading towers the 250Te box spreader or 170Te pipe spreader are used.
- All shackles are stored in custom made shackle frames for easy transport.
- All softslings are stored in boxes for easy transport.

Our rigging could benefit your project as well.
